

Jeff Cutler
3427 Crooks Rd
Rochester Hills, MI 48309

September 19, 2011

Dear Representative,

I am a survivor of an automobile accident which happened in 2005. I am on several medications including anti-seizure medications and medications for depression. I would be unable to pay for these medications without the support of Auto No-Fault. I would also not be able to pay for housing or food, forcing me to live with my sister which would be a huge financial burden on her and my family. It would also be hard for me to maneuver around her house since it isn't set up for wheelchairs. I would have to scoot on the floor and lift myself up to get on the toilet, bed or couches. Please SAY NO to HB 4936.

Sincerely,

A handwritten signature in black ink that reads "Jeff Cutler". The signature is written in a cursive, slightly slanted style.

Jeff Cutler
